Yes, the call is suppose to be just an introductory discussion about implementation. If none of the rest of you can be on the call, perhaps I can get someone from my group to listen in and take notes. Let me know if I need to contact someone from TAU to sit in.

Subject: Ad hoc impl subcomm call tomorrow

I am totally backed up with prep for the Pavillion presentation. There is a call tomorrow at 1 (Deb, is this the action level subgroup? Or the overall Impl Subcommittee?) that Deb also cannot make as she will be in transit back to Denver. Can one of you cover for us? I don't have the details- call-in #, etc.
